- Detail oriented, graphic designer with 16 years experience
- Small Business Owner
- A passion for creative media
- Exceptional understanding of quality
- Expert knowledge of the latest design software
- Able to perform under pressure and tight deadlines
- Excellent communication skills
- Diverse creative abilities

Professional Experience

2000 - Present
Aesthetic Industries - 404-823-7357
Owner

Relative responsibilities include placing bids, preparing & delivering proposals, interacting with clients, providing initial concepts for the purpose of defining and refining the design phase, project management with consideration for budget constraints. Work with the development team to ensure functionality and design elements work in correlation with each other.

1/2012 - 08/2017
BeeHive.com - 949-379-3026
Mobile & Desktop UI Design / Media Consultant

Responsibilities included, conceptualizing User Interface designs for every instance of the site, drop down menus, log in modules, selection states as well as data structure and layout. My contribution also included (limited corporate identity), branding, color selections, data placement, navigation flow charts, strategic site schematics and full scale data wireframes.

9/2006 - 01/2016
Digital Imagination - 805-551-0745
Creative Director

Worked closely with CEO and President, to develop a strategic internal and external design methodology. Overall responsibilities were to insure each project was branded with a specific design methodology as well as functionality. Workload involved initiation of creative design concepts, design elements, overall look and feel, logos, product images, and stock photography. Flash design, basic action scripting, Flash story boarding, animation concepts, as well as HTML framework.
